	Wed 27	Thu 28	1 DAY LATE!
	Thu 28	Fri 29	1 DAY LATE!
Fri 29	Sat 30	1 DAY LATE!	

Here are a few **EGG-CELLENT TIPS** to help you to reduce waste and to recycle more this Easter:

It's almost all recyclable!

Egg-shaped plastic packaging, cardboard and foil wrapping can be recycled in your blue bin. Save up foil to make an apple sized ball – it helps it find its way through recycling process.

Why not make our own Easter eggs?

Ever thought about investing in some reusable moulds? You can have fun and reduce waste at the same time.

Food is not rubbish.

The average household throws away £700 of food a year. Check www.lovefoodhatwaste.com for useful tips and recipes. Use your green bin for the unavoidable food waste.

Please make sure your wheeled bins and black sacks are out for collection by 7am on the day of collection but not before 6pm the night before.
