4. What would be your main concern if housing development takes place?

			Response Percent	Response Total
1	Open-Ended Question		100.00%	32
1	21/01/2019 12:31 PM ID: 105194622	Water supply which is pretty poor flow as it is. School places, road, transport - infrasture.		
2	21/01/2019 12:41 PM ID: 105195522	Increase in traffic.School places both primary and secondary. During construction - noise,damage to roads and pavements,mud on road and multiple vehicles parked at up at Everett's old building yard.		
3	21/01/2019 15:25 PM ID: 105217912	Too much traffic (especially in High Street) - traffic congestion, lack of school places, lack of amenities to meet the needs of the population. Overall, however, the feel of the village is being lost as it grows ever-bigger. Many amenities do not match with the needs of the population of the village.		
4	21/01/2019 17:30 PM ID: 105232671	Cheveley ceases to be a village and becomes a suburb of Newmarket. Also lack on infrastructure.		
5	21/01/2019 19:48 PM ID: 105238389	That you (CPC) think an even mix in question 3 is "similar to The Paddocks Development"!!!!!! Developers Building in small stages (towards a bigger overall building development - as The Paddocks have done phase 1 and 2. Therefore being able to AVOID building the ECDC proper quota of affordable homes overall. Cheating the parish and lining the developers pockets. None of The Paddocks are affordable 1st time homes to buy 100% ownership eg 1 & 2 bed terrace/ Cottages. Building on Studland and "back garden development ruining the current feel of the village. That Brook Stud continue to develop and sell off the land bit by bit and developed from their access road at the bottom of the village near the traffic calming on The Ashley Road and effectively creating a second High Street and back fill all along the rear of the properties on the eastern side of the current High Street (The Church Side).		
6	21/01/2019 21:14 PM ID: 105246979	The pressure it adds to our roads. We already have a serious issue with speeding traffic/illegal parking etc. Also the lack of spaces for more children within the school.		
7	21/01/2019 23:03 PM ID: 105251473	Loss of green space and trees.		
8	24/01/2019 21:25 PM ID: 105589931	Any identified sites should be within the agreed development envelope and not compromise the linear nature of the village.		
9	26/01/2019 16:49 PM ID: 105742721	Overwhelming swamping of a traditional village. Loss of village identity. Increase in traffic. No updating of infrastructure to support the extra houses, traffic and population, e.g. increase in refuse/litter, demand for education places, pressure on health services, etc.		
10	29/01/2019 09:31 AM ID: 105967822	That it is mis-mashed. Sites have already been identified by the Parish Council and Local Plan which would give a good increase in housing to take the village, in particular, forward for the next 15 years.		
11	02/02/2019 13:44 PM ID: 106455812	Effect of more traffic on rural and semi rural roads		
12	03/02/2019 11:26 AM ID: 106505375	Increased traffic on inadequate and narrow rural roads. Some of these roads, particularly the High Street, are already used for car parking, making them even narrower. There is an increased risk of property damage and accidents.		
13	05/02/2019 09:53 AM ID: 106714047	Locations of the developments and the impact on the look and feel of the Parish.		

4. What would be your main concern if housing development takes place?

			Response Percent	Response Total
14	08/02/2019 10:15 AM ID: 107104014	Over subscription to the school, loss of character of the village and too much traffic on the high street		
15	08/02/2019 11:07 AM ID: 107112613	Infrastructure - the school is at full capacity, there is no public transport, water supply is stretched.		
16	08/02/2019 11:10 AM ID: 107107162	That the diversity of the present interesting architecture would be spoilt. Also that the peacefulness that green space in a country village provides, would be destroyed. Plus the fact that larger houses tend to be built, whilst there is a need for smaller houses, for smaller family units and single people.		
17	08/02/2019 19:21 PM ID: 107184739	None.		
18	08/02/2019 22:51 PM ID: 107201989	That the infrastructure is there to support it.		
19	09/02/2019 12:07 PM ID: 107228907	That it is available for social housing		
20	11/02/2019 20:52 PM ID: 107463766	Traffic, flooding.		
21	18/02/2019 19:40 PM ID: 108173002	Lack of infrastructure - drains, sewers, school places, extra traffic & road surface condition.		
22	18/02/2019 19:43 PM ID: 108173626	No more 4-5 bedroom homes!		
23	18/02/2019 19:47 PM ID: 108173859	Village infrastructure not able to cope with more housing. School full, roads not safe with lots more traffic.		
24	18/02/2019 19:51 PM ID: 108174168	That back-filling, if permitted, would lead to a free-for-all building houses resulting in the village atmosphere being destroyed.		
25	21/02/2019 16:54 PM ID: 108498630	Loss of green space. Traffic on the High Street		
26	21/02/2019 16:58 PM ID: 108499355	Very sad to see so many homes empty in such a lovely village. Houses brought up too quickly for personal use. I understand other local villages have now prevented this. The village infrastructure, school places, shop, post office, lack of village hall for events		
27	21/02/2019 17:02 PM ID: 108500083	Designs that improve the view from the road. Not too close together with tiny gardens as in a city.		
28	21/02/2019 17:05 PM ID: 108500562	increased traffic, school places and shared space. Reluctantly think housing is needed		
29	21/02/2019 17:07 PM ID: 108500989	Overloading the infrastructure e.g. roads, parking. Changing the character of the village		
30	21/02/2019 17:10 PM ID: 108501306	Design in character with existing. Increased traffic and appropriate highway junctions.		
31	21/02/2019 17:12 PM ID: 108501597	Lack of school places		
32	04/03/2019 23:48 PM ID: 110006143	School places, traffic, pollution,

1	Open-Ended Question		100.00%	17
1	21/01/2019 15:25 PM ID: 105217912	Many new houses have already been built - mainly to the advantage of one of the Studs in the village. These houses were opposed - but residents views were ignored. More applications are being made and the Parish council should be working hard on the behalf of the village to safeguard the existing community and authentic village, to ensure the village is not spoilt.		
2	21/01/2019 17:30 PM ID: 105232671	Cheveley will be ruined if developers continue to rape it for its green spaces and feel.		
3	21/01/2019 19:48 PM ID: 105238389	Continuation from question 9. Parking on the road on bends in Cheveley is getting dangerous. Forcing traffic to be on the wrong side of the road on blind bends. Extension of double yellows on bends needed. Dog owners not picking up dog poo after their dogs. Leaving their dogs poo on other peoples property or on public paths. It's too common in village and disgusting. Needs addressing by parish council. The Green opposite Pump Green House in the High Street always looks dreadful. Please do something to make it look pretty and part of the village. Bollards to keep Off vehicles ... raised beds. Weed the overgrown path. Add some more bench seating for walkers, elderly etc.		
4	24/01/2019 21:25 PM ID: 105589931	With a growth in the number of residents forecast for Cheveley, local facilities need to reflect this to ensure that the community develops. Cheveley needs a proper village hall that can host a range of activities and not just an over-priced, refurbished pavilion. You don't have to look far for examples of good practise with Moulton on the doorstep.		
5	25/01/2019 13:48 PM ID: 105651955	Nothing		

10. Finally, what have we missed / any other comments?

			Response Percent	Response Total
6	26/01/2019 16:49 PM ID: 105742721	Have you considered contacting Exning PC who had a large housing development built in their village. They may be able to provide guidance with this neighbourhood plan.		
7	03/02/2019 11:26 AM ID: 106505375	no		
8	08/02/2019 10:15 AM ID: 107104014	There's a real possibility that the village could suffer greatly due to over development driven by greed. I fully support the building of affordable houses for young families who work locally and will bring life to the village so long as they are built in locations which will not affect the village and lives of other villagers. There are too many proposed developments of large houses that are not affordable to normal families which are driven by greed.		
9	08/02/2019 19:21 PM ID: 107184739	Please can facilities be improved at Cheveley Rec? No expensive skate park, investigate Lode for examale.		
10	09/02/2019 12:07 PM ID: 107228907	We need a skate park		
11	18/02/2019 19:40 PM ID: 108173002	Upgrading the infrastructure is a must above all else.		
12	21/02/2019 16:54 PM ID: 108498630	Green Space - the recreation ground is good, but the public footpath through the surrounding studs often have high hedges so one cannot enjoy the countryside - and the hedges are getting taller. The new developments being built at the south end of the village should be sufficient for East Cambs to call a halt to permissions		
13	21/02/2019 16:58 PM ID: 108499355	Village pub is not child/resident friendly which is a shame. Too many houses are now owned by a certain owner for staff. As such they sit empty for many months - not conducive to village living and quite honestly prevents others from buying them.		
14	21/02/2019 17:02 PM ID: 108500083	The importance of the shop and post office continuing is far more important than developing the pavilion.		
15	21/02/2019 17:07 PM ID: 108500989	Building and developments have been going on for years. I think the village needs time to assimilate these and establish an identity again		
16	21/02/2019 17:12 PM ID: 108501597	Where is the open space? Needs affordable, even social housing		
17	04/03/2019 23:48 PM ID: 110006143	Glad the PC are investing in this we need to take control of development in the village. Much more important than a skate park which was not needed and pushed by one Cllr.
